## **Do I have to do all the classes in order?**

No, not necessarily. However, it is ideal to do the classes in the order that they are arranged. That way your training will flow better and prepare you for assisting with actual clients.

For instance, in order for you to participate in a wedding day coordination, you must have attended the final venue and final details meetings of that particular wedding.

## **How do I register?**

Send an email with your name & contact number. Then we can contact you to book you a spot in our next information seminar.

Also tell us a little bit about yourself! For example, why you want to become a planner, what kind of goals you have within this business and do you have any previous experience?

Once you've attended a seminar, and are ready to start, you simply fill out a registration form and submit it with 50% of the tuition fee\*.

## **What are the fees? How do I pay?**

The complete cost of the course is \$599 (including HST).

We accept cash, cheque or email money transfer.

\*The remaining 50% of the tuition is due within 30 days of your start date.

## **Student Incentive Program**

When you refer a client to us, and they book, you get money!

If they book a day of coordination package you get \$50!

If they book a full planning package you get \$100!

**Bonus:** If your referral books a lavish planning package you get \$150!

**You can easily earn back your tuition!**
